December 2018

GOOGLE CONFIDENTIAL AND PROPRIETARY

More privacy ideas: Be cautioned what is and isn't private with Incognito

We know users have a tough time understanding how Incognito works, and [several common misconceptions](#). The same is true for private browsing more generally.

What if we gave users contextual hints, so they can understand Incognito's limitations when they need it? - maxwalker@

GOOGLE CONFIDENTIAL AND PROPRIETARY

Via maxwalker@. See our Incognito brainstorm deck:
